Legally Excellent, Client First

Being named the “Best Boutique Litigation Law Firm” for the USA for the second time is a major accolade for Darger Errante Yavitz & Blau LLP, but the firm’s achievements were set in motion long before such acclaim. Its stellar reputation in the many industries and legal communities it serves was earned through a dedicated team and dogged determination to provide top-tier legal representation while maintaining the firm’s core values of diversity and inclusion.

Darger Errante Yavitz & Blau LLP – or DEYB – is a company two-thirds owned by women that is repeatedly recognized by Forbes, New York Magazine, U.S. News, World Report, Super Lawyers magazine, and more, and earned the title of “Best Boutique Law Litigation Firm” in the USA. DEYB represents clients across myriad industries including automotive, consumer, electrical, energy, consumption, pharmaceutical, and safety equipment and safety products. Its attorneys have decades of experience in high stakes litigations, and leverage their extensive knowledge to provide comprehensive and cost-effective solutions.

DEYB

Darger Errante Yavitz & Blau

Alongside their expertise, DEYB’s team brings a “big law” pedigree honed through years of experience at large international law firms. With their multitude of accomplishments, DEYB enjoys a far-reaching reputation for success and reliability in highly complex cases. Whether managing mass tort dockets, protecting its corporate clients from product liability cases, or navigating business disputes on behalf of companies and individuals, DEYB combines expertise with personalized, hand-tailored service to achieve cost-effective results.

DEYB’s rise to excellence was no lucky break. The firm’s dedication to building a team equipped to help its clients at every turn has propelled it to become an industry leader and the “go to” firm for so many different companies and individuals. For example, DEYB serves as Defense Liaison Counsel for the New York City Asbestos Litigation – one of the largest and most challenging mass tort dockets in the country. Here, the firm uses its knowledge, sophistication and perseverance to advocate on behalf of hundreds of companies and scores of other law firms.

Fundamentally, DEYB knows that its successes are the product of its people. Diversity and inclusion are core values, and the firm endeavours at all times to create a healthy and productive environment that is safe and accepting for all of its employees and clients. DEYB’s accomplishments are rooted in the wide range of backgrounds, perspectives and insights of its people. Indeed, as a woman-owned business, DEYB is staunchly determined to ensure that its progress continues as the firm builds upon its industry-leading roster of diverse legal talent.
